

Shippensburg Fish & Game Association
Board of Directors Meeting
June 9, 2026

Meeting called to order by Chairman Jerri Lozenski.

Old news – the new pistol range for the Protect Our Women project is started. There is one very large white oak tree that has to be taken down.

The new cameras will be installed after the June drawing.

Tim Crider notified the club that there is a large black walnut tree that is located on the boundary line with the club that he is taking down.

New - Get a scanner to check ID's of those entering the club for the June Drawing. We may need two scanners depending on how much memory they hold.

M-S-P to purchase the scanners.

Let everyone know they need ID to enter for the drawing. Tell everyone at the gate to get their IDs ready. Send an email to members so they can help spread the word.

Looking for someone to set up the ATM for the drawing. The person who usually who usually sets it up is now available this year. We borrow the ATM from the fire company. Andy will check on finding someone else to set it up.

Redding's Hardware, the supplier of the guns that we have as prizes for the drawing, has said that only about half of the winners don't pick the guns they have won. The winners have the option of taking store credit or exchange the gun for another gun and pay any additional costs if any.
