

Shippensburg Fish & Game association
Board of Directors Meeting
August 11, 2026

Meeting called to order by chairman Jerrid Lozenski.

Old business-All the outdoor security cameras outdoors have been installed. The 22 indoor range and front door are still to be done. When finished an email will be sent to all members informing them about the security cameras.

Not much work can be done on the new pistol range because it is just too muddy from all the rain we have been getting.

Does the club need new signs posted saying the premises are now under surveillance at all times? One at the main gate, one at the garage and one at the front door.

New- the Letterkenny Rod and Gun Club is asking for a donation to the Wounded Warrior Project. We have spent \$8,750 from last years allotted budget \$11,000 set aside for donation. Can we use the money from last year to make this donation?

M-S-P to donate \$2,000 to Wounded Warrior Project from last years budgeted money.

A member has asked if the ranges be closed on August 23 because the Amish will be holding a church meeting nearby. The request was denied because there is no shooting before noon on Sundays and their church services are usually over by then.

Question- in the past there was talk about redoing the restrooms. It was put on hold because the security cameras were being installed. It is on the list to be done this year. Andy S. will be getting prices for the materials needed.

Finance committee will hold a meeting in September

Jerrid asked if we can get prices from SA Tactical for the guns used in drawings in the future. When he compared prices for this year it would have saved the club some money.

A list will needed to be drawn up by February 2027 and submitted to SA Tactical and Reddings' Hardware.

It was suggested that we try SA Tactical for the Membership Appreciation night.

The appreciation dinner for all members and their spouses who helped at the fair will be catered by Amber Country Creations.

Can we get a quote from them for Members Appreciation Night's meal?

Does the club need to post No Trespassing signs around the club?

Do we need to paint Purple on the trees around the club border? Do it now.

Brian is requesting permission to buy bowls for next year. Drop Lock and Load and replace with Big and Rich. Estimate is \$12,000. M-S-P

There was a discussion about work on the range road. It is washing out at the 200 yd. range. It was

suggest that we get a price on road millings and rent a drag box and a roller.
M-S-P to adjourn.
